EDUCATION

Saint Margaret's Episcopal School, San Juan Capistrano, CA; GPA: 4.7 **Aug 2023- June 2027**

Relevant Coursework: AP Computer Science Principles, AP Chemistry, AP Calculus BC, AP Chinese, AP United States History, Honors English II, AP Macroeconomics

PERSONAL PROJECTS

HOMTEL - Full-Process App Development: **Lead Developer** **Oct 2024- Present**

- Developed an app designed to enhance the guest experience at Renaissance hotels by improving efficiency in navigating and utilizing hotel facilities, such as locating activity areas, managing crowding at amenities like the pool, and providing real-time information on breakfast offerings.
- Independently developed HOMTEL from concept to design to implementation, marking my first solo project in app development.
- Overcame challenges in translating conceptual ideas into functional app features, refining every detail from interface design to coding to ensure smooth transitions and functionality.
- Gained insight into the gap between initial ideas and the actual implementation, honing skills in turning theoretical concepts into practical, usable designs.
  Emphasized the importance of user empathy, ensuring the app addresses real user pain points, reduces frustration, and adds meaningful value to everyday hotel experiences.
- Plan to conduct broader testing with diverse users to validate usability and identify areas for improvement.
  Aiming to scale the app for larger hotel chains and more complex property setups to expand its potential market.

VOLUNTEER & CLUBS

Saint Margaret's Tartan Advocate Club: **Vice President** **Sep 2023 - June 2024**

- Actively supported the United Nations Association Orange County chapter in advancing sustainable development goals.
  Coordinated club initiatives and collaborated with local organizations to promote global sustainability efforts.

Saint Margaret's Volleyball Junior Varsity: **Team Member** **Sep 2023 - Present**

- Developed and refined volleyball skills through regular practice and competitive play.
  Contributed to team success by competing against other schools in interscholastic tournaments.
  Collaborated with teammates to improve performance and teamwork on and off the court.

Tstreet Volleyball Club: **Team Member** **Oct 2021- Present**

- Focused on developing key volleyball skills such as serving, spiking, passing, and blocking through regular practice.
  Competed in various tournaments, contributing to team performance and strategy.
  Committed to improving athletic abilities by practicing three times a week during the school offseason.
